Elizabeth Gold

Ex-manager

(760) 272 - 0735

Devoted front end web developer with over three years experience and passion for responsive web design. Firm believer in modern programming languages such as ReactJS and Node. Experienced with ES6 / ES7, SCSS, and HTML 5 principles. Diving head first into ~~coffee~~ PWA's and NextJS / SSR React. In love with Material UI design principles and invested in utility focused mobile-first css frameworks such as Tachyons and Tailwind css.
